Flag: Follow up

Valois—we are on Central time. Friday the 13th at 9:00 AM MT (10:00 AM CT) works great.

We'll call you at the number listed below, or let me know if we should call in on a different number.

Thanks!

Mike

Hi Mike,
Are you all on Central Time? How would Friday morning at 9:00 Mtn time work?

Valois:

Could we set up a call with you later next week (Wed Sep 11 – Fri Sep 13) to discuss the permit changes associated with your new round of public comments? If you have an hour to provide us with a summary of the changes it would be much appreciated—on our end we'll have about 6 people from our Ground Water Quality and Minerals and Mining programs.

Let me know if there's a time that works.

Thanks.

Mike Lees

That fact sheet is too big to email! Here is the link to it on our docket website:
<https://www.regulations.gov/document?D=EPA-R08-OW-2019-0512-0016>

Subject: Dewey-Burdock Project Changes

Hi, Valois:

Thanks for the call on Tuesday. Debbie Thomas also called our Water Rights Program Administrator to notify DENR that Region VIII opened a second public comment period for the aquifer exemption and Class III/V UIC well permits for the Dewey Burdock project. Debbie mentioned EPA has a fact sheet that explains the changes associated with the second round of public comment. Can you send me a copy of that fact sheet?

Thanks!
